	Biography Of Jules Jordan	
	Websites	
<b>Total running time:</b>		186.25

**Excisions:** Excisions Recommended But Not Made

#### **Reasons for excisions:**

The excision of a whole component and fourteen excisions to the feature are required to remove depictions of women engaging in highly degrading, dehumanising and demeaning sexual conduct with groups of men. In conjunction with the behaviour of the men involved these depictions cause the publication to degrade, dehumanise and demean the women participants to a high extent and degree, and present women as an inferior class of person.

#### **Summary of reasons for classification:**

The DVD *Feeding Frenzy 2: Swallowed Alive* is classified as:  
Objectionable.

The DVD was submitted along with the associated slick by the Secretary for Internal Affairs under 13(1)(b) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act) to determine whether they were objectionable in terms of s3 of the FVPC Act.

The DVD is a sexually explicit publication intended for the sexual arousal of adult men. The Classification Office recommended fourteen excisions be made to remove depictions of women engaging in humiliating sexual conduct with groups of men. In conjunction with the behaviour of the male participants, these depictions cause the publication to degrade, dehumanise and demean the women to a high extent and degree, and present women as an inferior class of person.

The distributor was given 20 working days to respond. No response was received within this time-frame, therefore the publication is classified as objectionable.

The classification of this publication interferes with the freedom of expression, but this is an outcome that is consistent with Parliament's intention that publications which degrade, dehumanise and demean persons to a high extent and degree may be classified as objectionable to protect the public good.
